I'm a Design and Visual Communications professional, graduated from Universidad Nacional Autonoma de Mexico (UNAM), with more than 10 years of experience as designer and graphic artist and the last 4 years as 3d modeler and animator.
Currently I'm working in Al Nisr Publishing LLC, in Dubai, UAE , for Gulf News newspaper as 3d Modeler & Infographic Artist. From 2009 to 2011, I worked in Flow studio in Mexico City as 3d Modeler and Animator for architectural visualization projects and ad campaigns, also, I worked as Graphic Consultant in Danilo Black based in Monterrey N.L. Mexico in 2010. From 2002 to 2009, I worked in Récord in Mexico City, a sports newspaper two times winner of the world's best designed, a contest organized by the SND (Society for News Design) in 2002 and 2003. Most of that time, I played the team leader role, I coordinated the daily output, the brainstorming sessions and the training for a team of designers, infographic artists and illustrators.
I'm a professional with leadership skills, a perfectionist and most important, I'm a passionate of my work.

Mexico Distrito Federal, Mexico
Mar 2002 – Apr 2009

Grupo Editorial Notmusa
Design & Graphics Editor

2008-2009 Graphics, Art and Design Coordinator. I was in charge of a team of 15 designers, infographic artists and illustrators. The products developed in these teams were destinated to the daily newspaper, features and magazines (weekly and monthly). Also I was in charge of the art and design for the covers of almost all these publications.

2005-2008 General Editor- Art & Graphics. I covered the graphic production for daily newspaper, special and weekly features and monthly magazines. In 2007 the editorial company, had launched a general information newspaper, called El Centro, so my team members were increased to ten, covering by then, the infographics, illustration and digital art production for the two newspapers.

2003-2005 Art Subeditor. I was in charge of Infographics and illustration production, for the weekly suplements, Motor, Hombre and Domingo. In 2004 Olympic games, I designed and investigated for a planned series of 15 infographics on how the muscular system of athletes works when performing diferent disciplines.

2002-2003 Jr. and Sr. Illustrator
