Nov 2013 – Present

theQ

Designer / Online Manager

Copenhagen, Denmark

2013 – Present

Font Nerd

Founder / Designer

Font Nerd is a must-have iPhone app for everyone interested in design and typography! Guess, discover and favorite the fonts that you love. Like everyone else in this business, Andreas likes coffee. He'd really appreciate a cup from you, if you like the game and want to play further than the first level. He'll throw in another font pack or two or maybe three down the road without asking for more liquids. Have fun guessing some fonts, you nerd!
